Fluorescent Bulbs: \$1.00/bulb

How do I safely transport these hazardous materials?

Leave materials in original container. Tighten caps & lids and pack containers in sturdy, upright boxes & pad with newspaper. Sort & pack separately. NEVER MIX CHEMICALS. Never smoke around or while handling hazardous materials.

*Latex paint is accepted, however, it is not hazardous and can be disposed with regular trash, if solidified. Cat litter, sand, saw dust or soil can be used to solidify latex paint. A box lined with a trash bag or partially filled paint cans can hold the solidified material. If paint cans are used, leave lid off so waste hauler can see the paint is dry.

YOUTH EDUCATION

We're Here to Educate!

Keep Toledo/Lucas County Beautiful, Inc. (KT/LCB) is committed to helping educators prepare our future leaders with information about the environment! In addition to providing a **lending library** of information and resources, we are available for **classroom presentations** for students of all ages.

Earth Exploring Experiences Offered:

"Riley's Adventure" School-wide Puppet Show

A FREE 30 minute *school-wide* puppet show that is centered around the "Re-Ways" (reduce, reuse and recycle). Our main character, Riley, is transported to different versions of our community so he can see firsthand what will happen if we don't take care of our environment. (Must have 50+ students)

The Incredible Edible Landfill

Students build a model landfill out of pudding and pie crust. This is one landfill they won't mind eating at the end!

Litter Olympics

This is an outdoor or gymnasium activity where students play games using litter or recyclables.

Pack To Reduce

Students work in groups to determine whether or not the contents of sample lunches are reusable or recyclable. Then they make presentations about the lunches to the class. Other topics discussed are nutrition, cost, convenience, and litter.

Paper Pin Decorating

Students decorate handmade pins, made from recycled paper.

Tin Can Papermaking

Each student makes one sheet of recycled paper.

Wallpaper Bead Necklace

Each student makes a necklace out of old wallpaper samples.

Call our Education Specialist at 419.213.2252 or submit an online request at www.ktlcb.org to schedule a presentation.

ADOPT-A-ROAD/STREET

Volunteer groups and organizations are being given an opportunity to accept the responsibility for removing litter and other debris from a 2-mile section of the Lucas County roadways or streets. The purpose of this program is to instill community pride, raise public awareness and to improve the appearance of our streets throughout Lucas County.

An interested group will be responsible for cleaning a 2-mile section of roadway a minimum of four times a year for a two-year period. In return, signs will be installed on-site displaying the name of the participating organization or group. Additionally, collection bags, safety equipment, and debris disposal will be provided to each group.

For more information, call KT/LCB at 419.213.2255.

TOLEDO-LUCAS COUNTY ZERO WASTE EVENT GUIDE

WHAT IS ZERO WASTE?

Zero Waste means minimizing waste, reducing consumption, maximizing recycling, and ensuring that products used at events can be reused or recycled back into nature or the marketplace.

WHAT MAKES AN EVENT ZERO WASTE?

An event is considered zero waste if 90% of all materials generated and discarded are diverted from the landfill. **Preparations should be made before, during, and after the event** to ensure vendors, staff, volunteers, and event attendees can reuse, recycle, or compost any materials used. Your event should have **clearly labeled zero waste stations** for recyclables, compostables, and as a last resort, garbage, with educational signage and volunteers to facilitate proper disposal.

HOW TO RECYCLE IN LUCAS COUNTY

What can be recycled?

- Plastic: bottles, tubs
- Metal: aluminum & steel containers, clean foil & trays
- Paper, newspaper, magazines
- Cartons: milk, juice, soup, cartons
- Glass: bottles & jars

-After your event, be sure to take recyclables & recycling boxes to the nearest County Recycling Center.

TOLEDO-LUCAS COUNTY ZERO WASTE EVENT GUIDE

CHECKLIST FOR HOSTING A ZERO WASTE EVENT

PRIOR TO THE EVENT:

- Determine zero or reduced waste goals, be sure to set goals that are bold, but realistic
- Choose a venue that will work with your zero waste goals. TIP: Select a venue that offers recycling and reusable event materials (table cloths, serviceware, decorations, etc.)
- Make sure all items purchased are reusable, recyclable, or compostable
- Avoid purchasing access
- Buy in bulk, avoid single use packaging
- Contact recycle bin provider
- Contact compost bin provider

DURING THE EVENT:

- Set up zero waste stations with garbage, compost, and recycle bins
- Utilize signage to clearly label each container for proper disposal
- Have volunteers monitor waste stations to prevent contamination
- Line compost bin with compostable bags, not trash bags
- Recycle bins should not be lined
- Plan announcements throughout the event to educate attendees on zero waste goals

AFTER THE EVENT:

- Ensure all haulers/vendors pick-up recyclables, compost, and landfill trash
- Donate leftovers so they won't be wasted
- Flatten and recycle cardboard
- Measure results by collecting the volume, weight, or number bags of compost, recyclables, and trash bags and document the results
- Determine if your goals were achieved. Document any lessons learned to improve your next zero waste event
- Celebrate your success! Let your guests, vendors, sponsors, and other stakeholders know what you accomplished
