Jerusalem Township Trustees
9501 Jerusalem Road
Curtice, OH 43412

TO: Mr. Mark Sattler
Mr. David Bench
Mr. Beau Miller

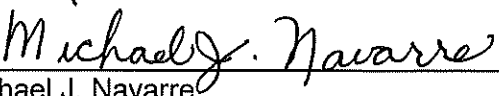

Dear Township Trustees:

The Lucas County Sheriff's Office is the primary provider of law enforcement services to eight townships in Lucas County. Two of those eight townships have chosen to properly compensate Lucas County for that service. You are one of six townships that have not and have indicated that they do not intend to provide any compensation.

On February 9, 2021 and December 6, 2021, you received a written correspondence from me notifying you that a reduction in law enforcement services would occur in your township unless Lucas County was properly compensated. You have been provided with options for full service, 24 hours a day 7 days a week, and partial service. To date, you have indicated that it is your intent not to provide any compensation.

This is to advise you that on January 1, 2023 you will see a noticeable reduction in services. The Sheriff's Office will make an individualized analysis of each call for service to determine if it involves circumstances that constitute a breach of the peace. Our deputies will no longer respond to non-violent offenses, or incidents where a threat of injury is not present. Your residents will be required to appear in person at our Records Bureau at 1622 Spielbusch Avenue, Toledo, to make reports. It is also likely that there will be no preventative police patrols in your township.

If you have any questions or seek clarification regarding the intent of this letter, feel free to call me at 419-213-4900.

Michael J. Navarre
Lucas County Sheriff
